

LISTA DE TÍTULOS DE E-BOOKS - CRC Net

1	AGROPEDIA COLLECTION
2	Applied material science applications of engeneering materials in structural, eletronic, thermal and other industries
3	Architecture in the digital age design and manufacturing
4	Biomaterials principles and applications
5	Chemical processing of ceramics
6	CRC Desk Reference for Nutrition
7	Encyclopedia of Agricultural, Food, and Biological Engineering
8	Encyclopedia of animal science
9	Encyclopedia of Biotechnology in agriculture and Food
10	Encyclopedia of pest management
11	Encyclopedia of plant and crop science
12	Encyclopedia of soil science, second edition
13	Encyclopedia of water science, second edition
14	Geoenviromental engeneering, contaminated soils, Pollutant fate and migration
15	Liquid chromatography mass spectrometry
16	Micromechatronics modeling analysis and design with MATLAB
17	Monitoring and control of macrofouling mollusk in fresh water system
18	Nanotechnology in biology and medicine methods, devices, ans applications
19	Oceanography and marine biology vol. 49
20	Oceanography and marine biology volume 50
21	Oceanography and marine biology volume 51
22	Oceanography and marine biology volume 52
23	Oceanography and marine biology volume 53
24	Oceanography and marine biology volume 54
25	Organic chemist's desk reference
26	Performative architecture: beyond instrumentality
27	Principles of air quality management
28	Sarcocystosis of animals and humans
29	Signal processing for magnetic resonance imaging and spectroscopy
30	Snakes of the world a catalogue of living and extinct species
31	Vehicular accident investigation and reconstruction
